## **1 Part 1 – Adjustment Budget**

### **1.1 Mayor's report**

In accordance with section 28 of the Municipal Finance Management Act, No 56 of 2003 (MFMA) a municipality must revise its approved annual budget through an adjustments budget, in the following circumstances:

- (i) To appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for.
- (ii) To authorise the utilisation of projected savings in one vote towards spending under another vote.
- (iii) To authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected rollovers when the annual budget for the current year was approved by the Council.
- (iv) To correct any errors in the annual budget.

In line with the MFMA, the 2011/12 approved Budget has now been adjusted. The adjustment has been mainly necessitated as a result of the following:

- The need to appropriate additional revenues that became available.
- The need to authorise the spending of unspent funds at the end of the 2010/2011 financial year.
- The need to authorise the utilisation of projected savings in one vote towards spending under another vote.

The Municipal Budget and Reporting Regulations, which were promulgated by National Treasury, prescribe the budget reporting formats for municipalities. Accordingly this Municipality's 2011/12 Adjustments budget has been presented in accordance with these reporting formats.

The Adjustments Budget reaffirms the Municipality's commitment to achieve the service delivery targets and performance indicators as reflected in the approved service delivery and budget implementation plan.

The capital expenditure budget has been realigned. Due to various reasons some projects could not be completed in the 2011/2012 financial year and funds were allocated to other projects as per section 2.7.

The Service Delivery and Budget Implementation Plan (SDBIP) have to be adjusted due to the realignment that has taken place on both the operational and capital expenditure budgets. This will affect service delivery targets and performance

targets. The reviewed SDBIP will be submitted for the approval of the Executive Mayor.

## **1.2 Budget related resolutions**

The Municipal Finance Management Act (MFMA) No 56 of 2003 requires that the municipality table and adopt the budget and budget resolutions. The format of the budget and supporting documentation is prescribed by Municipal Budget and Reporting Regulations

The following resolutions are put before council for tabling and approval:
